

## InReach Subscription Plan Features

A suspend option is available at \$0 cost to the customer. Suspend service for up to 12 months with no re-activation fee.

Activate your inReach subscription to stay in touch with friends and family beyond the limits of cellular networks. Subscription plans enable global two-way messaging via the 100% global Iridium® satellite networks. Subscription plans enable global two-way messaging via the 100% global Iridium® satellite network. And in an emergency, you can trigger an interactive SOS message with your GPS coordinates to the Garmin Responses 24/7-staffed international response coordination center.

All plans include emergency SOS messaging. You can move between plans as your needs change or suspend service at no cost when you don't need it.
